

25KV LEVEL B AUTHORISED PERSON

Initial Training: 5 days

Recertification: 1 day

This module is designed to train Level B (Authorised) Persons who are responsible for working under direction of the Level A (Nominated) Person to achieve isolations on AC OLE in their daily work and is designed to help develop a person's knowledge, understanding and skills as defined in parts of competence standards listed below and is therefore particularly suited to persons required to prove their competence in these areas.

- **OLE 13** - Manually Switch Electrical Supply to OLE to Meet Defined Requirements
- **OLE 14** - Test and Earth OLE to Meet Defined Isolation Requirements
- **OLE 15** - Contribute to Minimising Risks When Working On or Near to Live OLE
- **OLE 17** - Object Removal from the OLE

To instruct delegates how to determine and fulfil their role and responsibilities when undertaking Level B (Authorised) Persons and this course is designed to ensure delegates are fully aware of the dangers that can arise in the course of Level B (Authorised) Person's duties.

Successful completion of this course does not mean that delegate is allowed to carry out Level B (Authorised) Person's duties, unless under the direct supervision of a mentor during their probationary period, until they have been assessed by a licensed assessor as competent to do so in accordance with NR/L2/CTM/014. The successful completion of this course can be used as supporting evidence of competence to reach the level required in NR/L2/CTM/014.

Pre-requisites & Requirements

Delegate must be at least 18 years old. Have sufficient command of English language, and of the English language as detailed in Network Rail Company Specification NR/S/CTM/021 (Competence & Training in Track Safety).

Delegate must have a minimum of 12 months relevant workplace experience (which can be evidenced) in an OLE maintenance or construction team or successfully completed a company development programme which has received written acceptance by the Network Technical Head of Contact Systems.

- First Aid of Electrical Accidents course and hold current certification
- Delegate must have Personal Track Safety (PTS) competence.
